A WIZARD OF EARTHSEA

Ursula K LeGuin

WE TWO, ARIFA BOEHLER AND ALEXANDRA MERRILL,
have been a teaching pair for many years now.

Our differences and similarities as a pair have been vastly illuminated by using the astrological lens. It was our need to understand our alliance that called us to lean into this ancient astrological knowledge. Slowly, with the old wisdom, we are becoming more who we are and less in tension with each other's differences. Because of our own extremely enriching learning, we have decided to offer a 3-day non-residential class for pairs of people who are interested in looking through the astrological lens with us.

★ In our 18-hour program ★

♃ We can look at how the sun and moon are working together in your charts – both individually and in the pair that you are.

☾ We can look at how the phases of the moon are operating underneath the solar pulse in your charts.

♁ We can see how the balance of elements is alive in your charts – earth, air, fire and water – enlivening your pair.

♊ We can see quite a bit about how your rising signs help and hinder you in your pair.

We are not limiting our definition of ‘pair’ for this class. You can join this class by yourself with a pair or two in mind if you like, bringing both charts. Siblings, friends, lovers, rivals, partners, colleagues, parent and child, divorced couples, married couples, teacher and student, mentor and mentee – those are a few pair possibilities.

We will need everyone's chart well in advance as we use the chart as our common textbook.

LET US KNOW IF YOU ARE INTERESTED IN THIS PROJECT.
WE CAN INFORM YOU OF THE DATES AS SOON AS THEY ARE SET.
